

THE 2007 DONZI 28ZX Open

The 28 ZX Open offers the same exhilarating performance, breathtaking speed, and sleek styling as Donzi's 28 ZX performance boat, with the added seating area of a bow rider.

The cockpit is pure performance, from the twin standup bolster seats to the comfortable, richly padded rear bench seat. Pass through the 28 ZXO's innovative mid cabin - with facing love seats that convert to a berth, a great sound system, and a porta pottie – and things get interesting. Forward you'll find a spacious seating area with wraparound seating, well-placed grab handles and beverage holders.

Donzi's ventilated stepped hull running surface, along with power options ranging from a single big-block V8 to twin small blocks, combine to assure that this unique performance boat is not only friendly, but fast.
